Home

Our Purpose is Simple: To protect the American family as God intended, where children are welcomed into life and raised by parents who stay together through thick and thin, where modesty is appreciated and sex only within marriage is the norm, where grandparents are treated with dignity and respect, where schools offer a quality education that honors Judeo-Christian ideals, where houses of worship thrive, where the federal and state courts are subordinate not superior to the United States Constitution and the Constitutions of the various states, and where laws and public policy encourage Americans to work, to save, to marry, and to live with the virtues they learned at home.

Who We Are: As the legislative action arm of the **Values Advocacy Council**, the VAC Action champions life, faith, and marriage in the public square. We provide a platform for informing, inspiring, and rallying those who care deeply about the family to greater involvement in the public policy process.
